Student Activity Department developed at the Vistula Group is not only unique in Poland, but incredibly important for the University. Our students come from over 87 countries of the world. Apart from normal problems with understanding the rules of the academic life, organizing their life in Poland is a challenge for many of them as well. A support from this department is a perfect way to help them deal with problems, understand the opportunities, and make their life at the University less stressful and more enjoyable.

Rector of Vistula University
Wawrzyniec Konarski, PhD, DSc

Student Activity Department established at Vistula Group of Universities, including Vistula School of Hospitality plays an essential role for our students and lecturers. Vistula School of Hospitality is a leading hospitality university in Poland. Not only we think about future, but we create it. Thanks to Student Activity Department students have the chance to act responsible, do projects and connect with amazing leaders. This department not only makes students' lives at the University less stressful and more enjoyable, but also gives them the development opportunities to perform better in their professional careers.

Successful students were assigned as coordinator of the unit, to take interest in their aspirations and future plans. The members of Vistula School of Hospitality Business Council gave this issue a priority, understanding that it is also important for them. One of the advantages for the Business Council is that they can find good employees, relevant to their expectations making it a win-win situation. Daily cooperation with Business Council is crucial because it is our future.

Rector of Vistula School of Hospitality
Jolanta Żyśko, PhD, DSc

Student Activity Department constitutes an important and key part of the Student Department of Vistula University. The Department manages and takes care, with devotion and professionalism, of all issues related to the activities of Vistula students. They integrate students of 87 nationalities who study at Vistula. Department, while performing its duties and

responsibilities, is fully taking into account gender mainstreaming, ethnic diversity and different backgrounds/experience of the students. Student Activity Department looks after and assists over 25 student clubs and organizations which exist and operate at Vistula. Among them are, for example: Asian, African, European, Asia-Pacific, Middle-East Societies, Social Club, Activities Team, 2B Club, Music Club, Diplomacy Club, Academic Chorus and of Course Mentoring Program and Student Councils.

Mentoring is the most important and innovative activity, help offered new students who have to adapt to the new country, city, university.

All employees and volunteers of the Section, under the skillful management of coordinator, are excellent experts devoted to the educational mission of the Vistula. Students can count on them in every situation.

**Chancellor
Zdzisław Rapacki, PhD**

Student Activity Department is unique undertaking, that distinguishes Vistula University among others universities. It engages and integrates three groups of the academic community: teachers, students of older years and students starting their higher education. For first-year students, it provides real support in the process of adapting to a new stage in life, giving the opportunity to quickly get to know university, senior colleagues and lecturers. For older students involved in the implementation of the academic and social unit activities, it is a challenge but also an opportunity to acquire and develop social competences, necessary in personal life and career.

**Vice Rector for Student Affairs
Maria Gasińska, PhD**

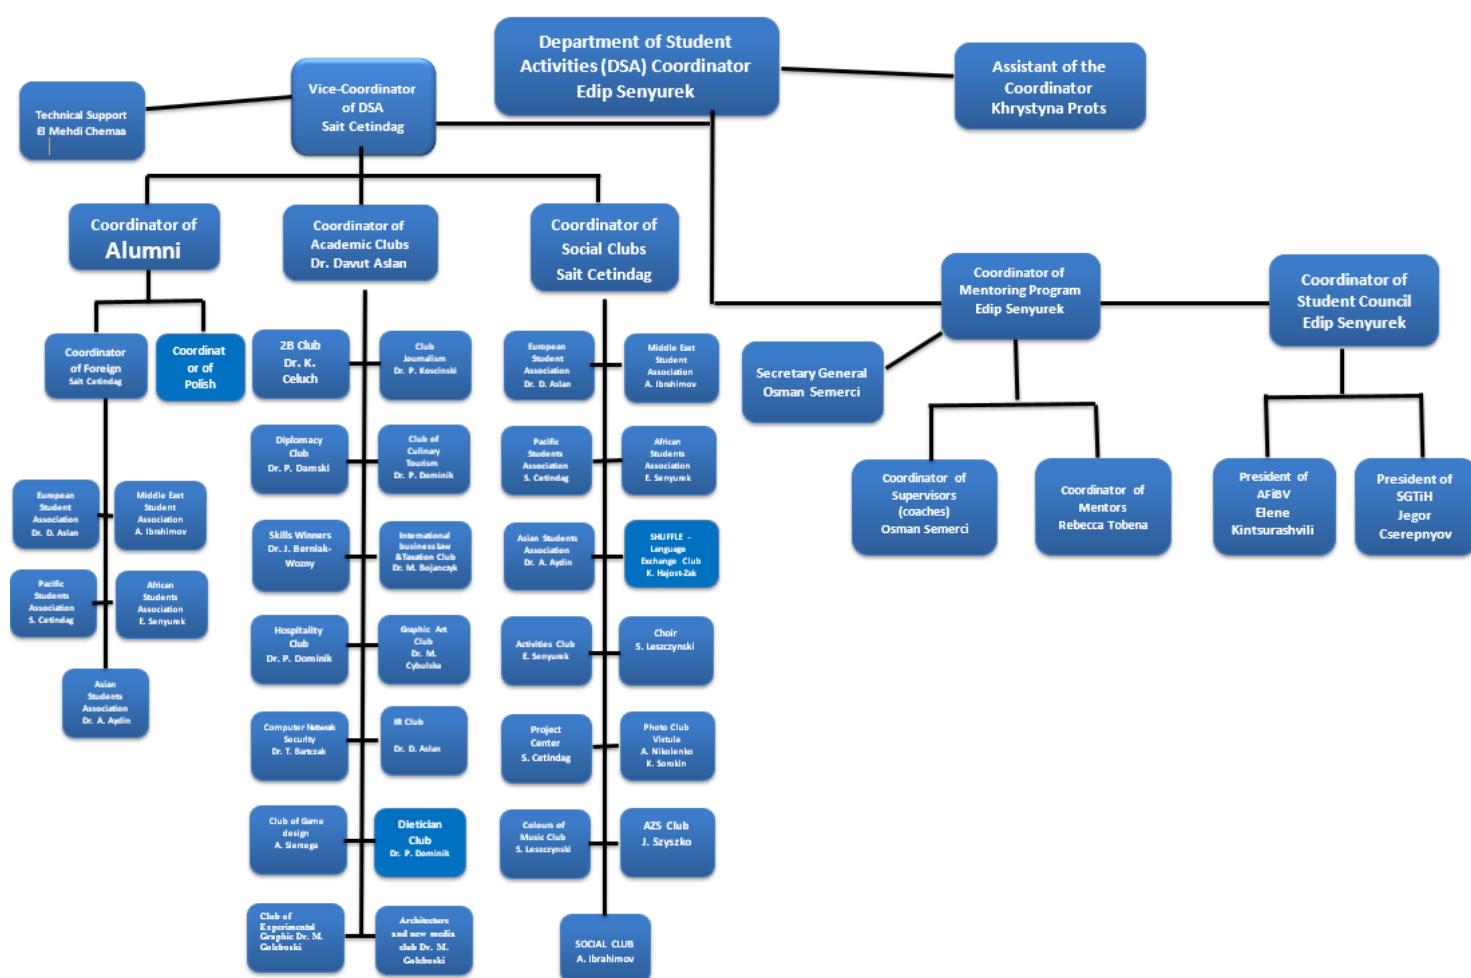

Education and research are the most important issue at the university and students should focus on them. However, university is not only for education and research, but scientific, academic, social, cultural and sport activities are part of our university life as well. That's why, we are continuously working to make our life in Vistula better with extracurricular activities. Of course, we must mention that we are not alone. Without our students support, we can do nothing. We would like to thank all our students who were active and putting lots of effort to make events better. Additionally, we would like to thank our authorities as well for their valuable support.

We have students from 87 different countries. We do all scientific and social activities with 13 scientific and 14 social clubs, around 1200 members. Main events done by main units such as mentoring and student councils. In mentoring we have around 70 Senior students as mentors and they were guiding 300 junior students as mentees, voluntarily. AFIBV and SGTIH have different student council but they are working together. They have shared duties and became very good bridge between university and students. Additionally, we started alumni activities this year and we intend to make it bigger and better. As student activity department we had more than 150 events during 2018-2019 with more than 6000 students involvements.

See you with more and more scientific and social activities in next academic year,

**Coordinator of Student Activity Department
Edip Senyurek**

2. Social Club

Social Club during last semester organized 10 events.

In the very beginning club organized first meeting, where students decided about all events during year and greeted new members of the club.

1. Mafia Tournament

07.11.18

There were almost 25 students who came together to play Mafia.

The thing about this game is many of students didn't know each other before and they met there.

2. *Second Mafia Tournament*

14.11.18

It was actually out of our annual plan to have it 2nd time but last week our friends wanted to play it once again. Almost 35 students came.

Some of our members accepted to bring some snacks since we didn't put it our plan&budget and also we used some extras from last week's budget. I also brought some decorations and snacks and created

Participants from many different has come together without knowing each other and met at Mafia Tournament. It was very nice atmosphere. They are looking forward to see more 😊

3. Charades 21st of November

21.11.18

On Wednesday 21st of November we have organized Charades and we announced it by only our Instagram page.

There were almost 25 students.

It was a funny game evening and feedbacks were all in good way.

4. Chess tournament 23rd of November

23.11.18

We as Social Club has organized Chess Tournament on Friday, 23rd of November. We have announced it via our Instagram page some posters as well.

There were 5 sets for chess and almost 15 people to play. We organized quarter and semifinal and final at last. It lasted 2-3 hours. It was a good day for our friends. We also make some snack corner. Our 2 members moderated the game.

5. Culture Fest Information Desk

4 and 11.12.18

We have arranged a table with full of decoration about Culture Fest which is going to be organized by Social Club next semester. Our friends explained to students what Culture Fest is, how it works, how someone can attend it etc.

Now we have 60 registrations for now while the needed number is 50.

We were at this desk which is at ground floor between 10.00 to 16.00 pm on Tuesdays.

6. Charity Event

5.12.18

We as Social Club organized a charity event (kermes) on 5th of December between 9.00 to 16.00 at ground floor. Our friends and members cooked some foods such as cookies, cakes, sweets and sold them.

We have collected 910 zł and we are going to visit Senior's house on January 19th 2019. We will use the money by buying some flowers and gifts for seniors.

It was a voluntary movement which carried on by Social Club members.

7. Whisper challenge

12.12.18

We as Social Club organized Whisper Challenge which decided by our members. This game doesn't need any equipment's, cards or anything special except a headphone.

It was announced only via our Instagram account and there were almost 20 people. There were also a snack corner. We spent half of our budget for Domino Tournament and made the snack corner.

8. Domino Tournament

14.12.18

Domino Tournament by Social Club which is decided at the beginning of the semester. Due to the final exams term for many students the attendance was less than we expected. The students who were there enjoyed the game with our snack corner.

Winner had a surprise chocolate from Social Club.

Charity Event

Student organization?	Social Club (Anastasiia Iuvchyk)
Name of the event?	Charity Event
Date of the event? Duration of the event?	15-19 of April
Program of the event? What you discussed? What you did? All details?	<p>From 15th to 19th of April 2019 we have done a huge Charity Event for our Vistula university. It was the first event where could take a part not only a students but employees could do it too and in general people who could come to our event and did something kind for someone. Our goal was to show students that we need help someone who needs it. In our case we wanted to help a Children's House number 9.</p> <p>Thanks to this event we had collected a lot of things for children. Such as:</p> <ul style="list-style-type: none"> • Clothes • Books • Copybooks, pencils, pens ect. • Toys • Bathroom amenities <p>This event we would like to do once in a year, in my opinion it should be before Easter. Because it will be so symbolic tradition to help someone who needs it before this holiday. I think that we shouldn't help only children. We can do this event more global. We can help animals, old people, people who has got some problems with health. The main goal of our team is to show that first of all we are ordinary people which sometimes need feel a support. So difficult to re-educate old people, but students we can. We can show our example that we can do it and we should do it. We show them that is cool to help, that is an amazing thing to be support for someone and the main thing in our Charity Event that we didn't infringe students, they can help how they can. The real surprise was for me, that when we decided to realised this event a lot of employees from our university take a part of charity for Children House.</p> <p>In conclusion, I want to say that we had a success after Charity Days. Thanks to the crib of workers and students,- we had collected all things which I have written above. We collected some money for kids for which we bought gift cards for "Empik"</p>

3. *DEVFEST IN Google Campus*

1-2.12.18

On December 1-2 we visited GDG Developers Festival dedicated to creating Android programs and websites of high quality with less problems.

We spent wonderful weekend in google campus in Warsaw studying the world of computer science inside its community. We learned a lot of new things for myself and also met a huge amount of people having the same interests as me. The meeting took place in two days where on the first day there were lectures on modern topics in the world of developers and on the second day there were workshops where we were taught modern technologies and tricks in their use. For me personally, the most important part in this event is the meeting of new people from the environment connected with my interests. In conclusion, we want to say for us it was a very informative and fascinating experience which, if possible, we would repeat again.

There were a lot of different lectures and workshops which were going at the same time so unfortunately we could not attend all of them. Ones which we visited were about Google Cloud, Progressive Web Apps and advantages of Vue. A lecture which we liked the most was “Deep Learning in Computer Vision “ during which we learned about a way in which a primitive artificial intelligence recognizes faces.

2. *Christmas Event*

14.12.18

In order to enhance the university's activities and to improve the students' lifestyle within the campus, we propose to conduct the Christmas Event on 14th December, 2018. The following event is endeavored to celebrate the holy celebration, as well as entertaining students prior to the upcoming exams. Christmas is celebrated on campus on yearly basis. In 2017 the event was conducted by the ATeam in the Aula 4 with an engaged audience of 350-400 students.

The program consists of a number of performances such as live music, dance performances, spiritual activities, games and speeches of the respective guests. Furthermore, the entire event is devoted to charity, provided the nature of the holy day itself and the initiative of international students of Vistula University as a way of expressing gratitude toward the country of Poland and its people.

In order to organize an impressive and well-conducted event on behalf of Vistula University and its students, we request the university's much-appreciated assistance and cooperation.

We are also expecting to attract a number of sponsors that are willing to share our perspective in supporting the charity organizations that we are willing to help.

A resume will often lose you a job offer." Therefore, in order for Vistulers to be as successful in their careers as possible, our Student Council decided to hold a CV workshop both, in English and in Polish. It was a great way to bring together not only the students, but our highly motivated University departments, in this case Careers Office and Projects Office, as well. In order for the workshop to be as productive as possible, with the suggestion of Vistula officials, we created a special registration form, only 20 students per each group. We went to several lectures and held small presentations, introducing ourselves, Student Council doings, CV workshop and how Careers Office can help all willing ones. We can proudly say that the workshop was a total blast for both groups as we had 32 students attending who had prepared some questions on corrections in their CV's and quite a number of them even signed up for an individual meeting with our Careers Office staff to help them more with specific topics. We are looking forwards to future cooperation on the projects with Careers Office in order to help our students succeed</p>

1.Orientation Day

28.09.2018

Due to the fact that the 2018/2019 Scientific Year has started and we have a lot of new students, Orientation Day was organized , there were lots of activities organized for students , the day began with registration of new students , then they were guided towards the welcoming speech , later there was lunch snacks for all students , after lunch there was a small tour guide for our university which was taken care by all the mentors , after the university guide there was a city tour for new students all the mentors were given responsibility for their mentees during city guide all care was taken by programming committee.

We started our city tour from city center and all the way till old town , it was a walking tour and all the important information about the local rules was given to all new students.

Everyone enjoyed the day and the city tour had a great impact on new students they made lots of new friends and the was perfect.

2. *Monthly Meetings with mentors*

monthly

We organized an monthly meeting with our mentors, we introduced our mentors with the programming committee , all the members were introduced one by one to all the mentors. The information about our new upcoming website was given to all the mentors. We also informed about the upcoming events by the mentoring program. We also informed all the mentors that they should meet with their mentees every week and be helpful to them.

We spent a perfect time together with our mentors and come up with new ideas for our upcoming events .

The mentoring t-shirts were given as a gift to all the mentors.

3. *Step-by-Step Warsaw*

06.10.18

We organized a city tour with guide. We met with our Mentors and Mentees in the Old Town and made a detailed trip in the area. We saw and learned too many things about the rich culture of the Warsaw and the important events that happened especially during the 20th century.

We spent a perfect day together and all of the participants were very satisfied and happy to learn more about the city.

4. *Step-by-Step Warsaw*

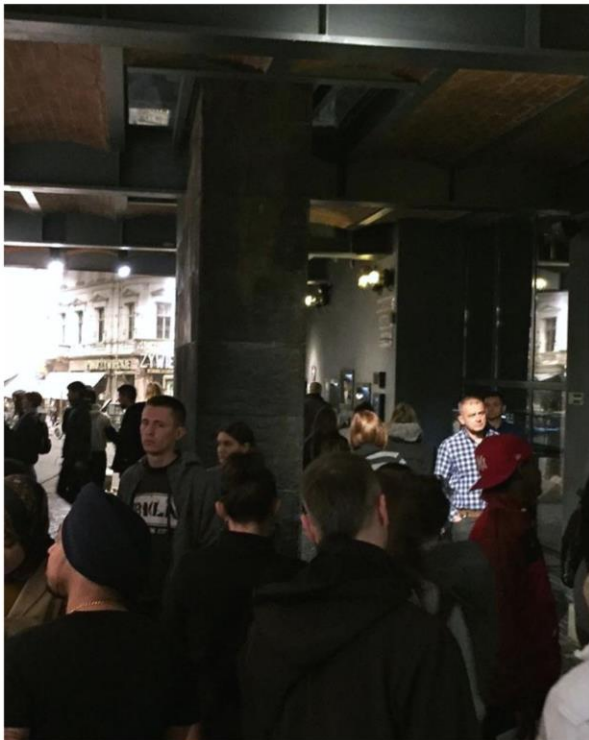

21.10.18

We went to ‘Warsaw Uprising Museum’ with our mentors and mentees. In this kind of events, we are trying to organize trips to the famous places in Warsaw, which will help us to further knowledge the Polish culture and history.

The Warsaw Rising Museum was opened on the 60th anniversary of the outbreak of fighting in Warsaw. The Museum is a tribute of Warsaw’s residents to those who fought and died for independent Poland and its free capital.

Everything was amazing and we spent a great time together. We learned a lot of thing about the history of Poland and the country's renewal process.

We believe that this kind of activities are good and beneficial for our mentor-mentee relations, for their personal development and for getting to know about the city and the culture we are living in.

5. Christmas Event

Event is conducted in a casual manner, intended for mainly for the students only.

It will contain music and other live performances listed below:

A surprise Introduction of the "Vistula Characters"

Songs performed by students

Dance performances

Numerous interactive games (Lucky draw, word matchmaking etc)

Announcement revealing the number of charity resources collected.

We had a senior student give a talk on the challenges of preparing for his thesis and how he managed to stay focused whilst battling the challenges of being a student in a foreign country. The purpose of this event was to allow our students to feel that they are understood and can be helped. The start of the event was introducing Osman Semerci as our invited speaker as well as giving a brief description of the Mentoring Program. Students were then asked to move around the room to start a conversation with a random person. Finger foods and fancy mixes of drinks were distributed to the students</p>

1. Orientation Day

28.09.2018

Due to the fact that we have a lot of new students, and most of them came to our University from other countries, we decided to make it easier for our students and help them get acquainted with our University and our Country.

Orientation Day took place at Vistula University, at 3 Stoklosy Street, in hall 4 and in hall 3. The orientation day for students was organized by the Student Activity Department and with the help of the Mentoring Team. The orientation day for Vistula University students took place on 28 of September. On 28.09.18, they were registered and they were given a gift: in general there were 373 students, 190 of them English-speakers, 133 Polish-speakers.

The registration was carried out with the help of the Mentoring Team. On the ground floor, from 09:00 a.m. to 10:00 a.m, we put 4 large tables and 8 registration points. Also, was created the previous registration via the Internet to know the expected number of students (for preparing materials to be enough for everyone). After registration, each student got a gift: a bag, a pen and a notebook, a student guide with all information about the University, budges, where students wrote their name and information (faculty, university), cords, annual report of the Mentoring Program, a flyer with information about student clubs, a flyer with information about start-ups and a ticket (for Lunch), all staff has logo of the Vistula. After registration, students could drink coffee or tea.

Orientation Day was opened by the Rectors, Professor Wawrzyniec Konarski, Professor Jolanta Zysko and Mr. Chancellor Doctor Zdzislaw Rapacki. The University authorities welcomed everyone who came and also gave brief information about the Vistula Group of Universities. The welcoming of all students took place in the aula 4. After the welcome speeches, the students were divided into two groups: Those who spoke Polish moved to aula 3, in the aula 4 stayed those who spoke English.

After the separation of students in the English-language group, Mr. Edip Senyurek, the Director of Mentoring Program, began to present the main information in English, about Vistula Group of Universities, physical education, library, Moodle, IT, Dean's Office and scientific information. In aula 3, Mr. Igor Salwin, IT Director presented information in Polish. From 11:55 a.m. to 12:10 p.m. there was a coffee/tea break.

After the break, each planned presentation was presented, the most important is that the speakers motivated students to ask different questions. Also after the presentation, students individually asked the questions and they received the answer.

From 1p.m., the Mentoring Team gave each student, who have a lunch ticket (which the students got during registration) a sandwich and juice. The important thing is that we had two type of sandwiches: vegetarian or with salami, and a choice to take water or juice.

Also during orientation day, students were able to enroll in the Mentoring Program and get a mentor who in the future will help student at the University and in the Country.

After lunch, the Mentoring Team together with all eager students went on a tour in our University, students found out where the main departments were located and got the main scientific information.

Then eager students with Mentoring Team went to the Warsaw Trip, the city centre and the old town. Mentors told an interesting story of the old town and talked about their life in Warsaw. New students learned about interesting places, various cafes and where to spend time.

2. Council Election

11.10.18

Due to the fact that the new 2018/2019 Scientific Year began, we must do the Student Council Election. Submission of candidates to the AFiBV and SGTR Student Council began on 11/10/2018. Students were notified via the GUV Newsletter, in the news tab of our website, on the Facebook group of GUV, and with short video in which we have main information about how Student Council Elections will be conducted. Also there are 14 posters in English and in Polish with information that the elections have already started and that everyone can apply. What's more, students can scan a QR code on the posters and register immediately. For bigger efficiency, information about elections was sent to each student, because the Newsletter often falls into spam.

In addition, there were printed 700 leaflets, which were delivered to the Careers Office, Dean's Office, and International Office for distribution to students. What is more, during the Student Clubs Presentation, there was a Roll-Up of the Student Council and a table where students could get a leaflet with information about the elections to the GUV Councils.

Day 31/10/2018, 76 students are registered: 60 from AFiBV and 16 from SGTR. Applications for candidates will end on 24/10/2018, after which a direct elections will take place through the USOS.

3. Alumni Meeting 1

06.01.18

The strength of each university, including the Vistula Group of Universities, is not only its didactic and scientific achievements, but also its graduates. The alumni meeting was perfect opportunity to meet new people, to gain new experience and to get information about our alumni and how the life is going for them.

In the program:

- welcome speech;
