Student Activity Department developed at the Vistula Group is not only unique in Poland, but incredibly important for the University. Our students come from over 87 countries of the world. Apart from normal problems with understanding the rules of the academic life, organizing their life in Poland is a challenge for many of them as well. A support from this department is a perfect way to help them deal with problems, understand the opportunities, and

Rector of Vistula University Wawrzyniec Konarski, PhD, DSc

make their life at the University less stressful

and more enjoyable.

Student Activity Department established at Vistula Group of Universities, including Vistula School of Hospitality plays an essential role for our students and lecturers. Vistula School of Hospitality is a leading hospitality university in Poland. Not only we think about future, but we create it. Thanks to Student Activity Department students have the chance to act responsible, do projects and connect with amazing

leaders. This department not only makes students' lives at the University less stressful and more enjoyable, but also gives them the development opportunities to perform better in their professional careers.

Successful students were assigned as coordinator of the unit, to take interest in their aspirations and future plans. The members of Vistula School of Hospitality Business Council gave this issue a priority, understanding that it is also important for them. One of the advantages for the Business Council is that they can find good employees, relevant to their expectations making it a win-win situation. Daily cooperation with Business Council is crucial because it is our future.

Rector of Vistula School of Hospitality Jolanta Żyśko, PhD, DSc

Student Activity Department is unique that distinguishes undertaking, Vistula University among others universities. It engages and integrates three groups of the academic community: teachers, students of older years and students starting their higher education. For first-year students, it provides real support in the process of adapting to a new stage in life, giving the opportunity to quickly get to know university, senior colleagues and lecturers. For older students involved in the implementation of the academic and social unit activities, it is a challenge but also an opportunity to acquire and develop social competences, necessary in personal life and career.

#### Vice Rector for Student Affairs Maria Gasińska, PhD

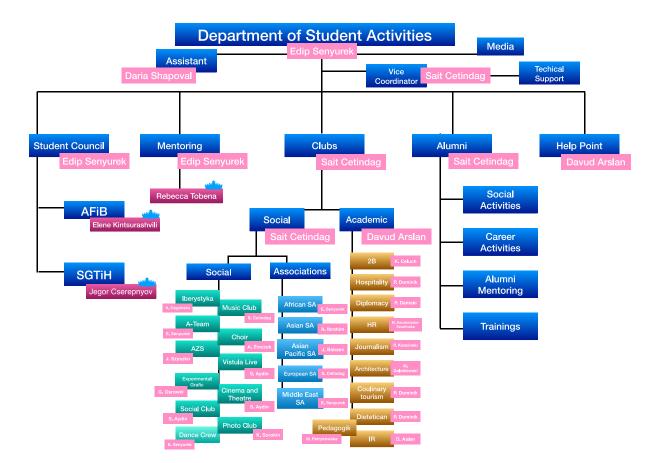

Education and research are the most important issue at the university and students should focus on them. However, university is not only for education and research, but scientific, academic, social, cultural and sport activities are part of our university life as well. That's why, we are continuously working to make our life in Vistula better with extracurricular activities. Of course, we must mention that we are not alone. Without our students support, we can do nothing. We would like to thank all our students who were active and putting lots of effort to make events better. Additionally, we would like to thank our authorities as well for their valuable support.

We have students from more than 100 different countries. We do all scientific and social activities with 10 scientific and 16 social clubs, around 1200 members. Main events done by main units

such as mentoring and student councils. In mentoring we have around 80 Senior students as mentors and they were guiding 300 junior students as mentees, voluntarily. AFIBV and SGTIH have different student council but they are working together. They have shared duties and became very good bridge between university and students. Additionally, we started alumni activities this year and we intend to make it bigger and better. As student activity department we had more than 70 events during 2019-2020 with more than 3000 students involved.

See you with more and more scientific and social activities in next academic year!

Coordinator of Student Activity Department Edip Senyurek

## **Department of Student Activities Structure**

#### 1. Management Structure:

- Coordinator (Edip Senyurek)
- Vice-Coordinator (Sait Cetindag)
- Assistant (Daria Shapoval)

#### 2. Contest Structure:

- Student Clubs (co. by S. Cetindag):
  - o Academic Clubs (vice-co. by D. Aslan)
  - Social Clubs
  - Student Socities
- Mentoring Program (co. by E. Senyurek)
- Student Council (co. by E. Senyurek)
- Alumni (co. by S. Cetindag)
- Student Help Point (co. by D. Aslan)

#### DSA Event Organization (with coop. of Clubs Center)

During the fall semester and spring semester Department of Student Activities made a big effort into the supporting and encouragementing students for their extracurricular activities, providing for them all kinds of needed supervising, maintaining in the university strong foundation, which is the basic need for creating a contribution for the non-stop self-developing atmosphere. The events made by Department of Student Activities in cooperation with Clubs Center were oriented towards attraction new students into joining the extracurricular activities with other students, into the adaptation fresh-year students into the university lifestyle and to create the ambience of warm, creative and motivated student community.

Traditionally, first gathering which happened even one day before the fall semester started, was The Orientation Day for all fresh-year students to welcome them and tell a little bit about Vistula University (second Orientation Day happened in the very beginning of summer semester). During the fall semester was also organized Clubs Presentation Day (by Clubs Center) to introduce to the students all range of possible opportunities in developing their academic skills, digging dipper for their hobbies, enlargement their social life and simply opening new horizons with new occupations with the academic subjects, culture grow or improving social skills.

Also, one of the most important events, organized by Department of Student Activities and Clubs Center were Elections for Student Council Members. It was done with aim to encourage students in the university social life, give the opportunity to check themselves on the strong communication skills, ideadeveloping, finding out new creative solutions for different situations and to manifest their leading skills.

Important part of the Department of Student Activities is appreciation those students, who are giving the most while creating interesting and fascinating university life for others (both students and teachers) during the all times. So before the second semester sterted there was organized a travel trip to the winter city Zakopane for best of the best club members, student council members and mentors.

surname, e-mail/phone	<u>s.cetindag@vistula.edu.pl</u>
number):	<u>d.shapoval@vistula.edu.pl</u>

### **HELP-POINT EVENT ORGANIZATION**

Help-point was created to mountain the eternal student support from those people students feel close to: their friends, other students. To create an environment where student's problems could be trusted and where they could feel completely free to ask and share. Students help other students to solve their problems in a way of understanding, similarity of cultures and languages, and age group. That's obvious that sometimes some students could feel insecure to ask for help from adults, sometimes those students and university workers could meet some misunderstandings. To prevent this kind of situations, The Help Point was created.

Employee names: Esma Nur Kocabiyik, Zuhal Cakici, Giorgi Sukhiashvili Department: International Students Help Desk Week: 2-13 December 2019

#### **COMPLETED TASKS**

- We met with around 6 students every day.

## **Social Clubs Event Organisation**

Social clubs in Vistula University are aimed to establish and support friendly and warm atmosphere on the ground of the university. As far as Vistula University contains the biggest amount of cultures and nationalities, there are additional difficulties and uncomfortable circumstances for students to simply find friends, feel themselves mentally secured and supported. To give them an opportunity to meet new people into the informal situations, engage with others while they are playing, creating and getting to know each other despite the cultural or language differences, there are about 6 social clubs with all kind of different targets.

Social clubs in Vistula played a greatest part into the building and developing welcoming environment, giving a great amount of privileges for both: those, who are indeed members of the club and those, who are getting affected by them. During the 2019-2020 academic year students from social clubs brought to the university first news program presented by students of VistulaLive, charity events made by Social Club, celebrations (such as Halloween and Christmas) organized by A-Team, musical accomplishment during the whole academic year by Choir and Music Clubs and many other things, which made Vistula University feels like a favorite place to spend time for most of the students.

The entertainment industry is also one of the important factors to trigger other people's attention to one country. It can be	
What did you discuss: Co Państwo robiliście na wydarzeniu:	from their song or movie. For that reason, we conduct the event, named "Anime Night". The aim of this activity is not only for entertaining but also for introducing the culture of one of the Asia-Pacific countries by watching its movie. it is also the way for all APSA members to be engaged with one another, by discussing the movie. They can share their own point of view, critic, or idea about the movie. The event will have a movie screening "Spirit Away" and the presentation of history, background, and culture. This film has a moral message, which tells the story of passion, dedication, tolerance, the value of justice and friendship that we sometimes forget. The event will be held from 18.00 pm until 20.30 pm.
