

## **POLISH CULTURAL IDENTITY IN A PERSPECTIVE OF CULTURAL SAFETY**

### **Summary**

The article is about the issue of patriotic attitude in the context of cultural safety among Polish society. In the 21st century, the main threat of globalization is the loss of national identity, which is associated with a sense of building xenophobic attitudes, and a misunderstanding of the concept of patriotism, often identified with nationalism. The aim of the article is to explain patriotism as a positive value, associated with cultural relativism translated into a practical reality.

**Key words:** cultural safety, identity, patriotism, nation, ethnocentrism.
