CHRISTMAS COMPETITION

Student organization: Samorzad Studentow Grupy Uczelni Vistula

Name of the event: Christmas competition

Date of the event: 22/12/20-06/01/21

Duration of the event: 15 days

Program of the event: 22/12-launch of the event on Instagram platform
28/12 -originally planned time to finish the competition, but due to the lack of participants it was decided to prolong the event to 06/01

06/01 – voting made by whole Student Council on Discord platform, winner announced and contacted
9/01 – the prize was given to a winner

What have you been doing: Creating the idea, graphics, text, prize ideas and engagement was made
What did you discuss: by different members of Student Council

The details: The competition had a purpose to engage students and give them a great christmas gift – Empik gift card. The topic was easy to follow: How do you celebrate Christmas. We wever also monitoring TikTok for possible video materials from participants, so we didnt limit ourselves with Instagram. Winner was elected by fair voting on Discord platform by Student Council members.

How much money and for what you spent: 100 zl for an Empik gift card

How many people attend: Only 2 participants

How many students were active from your organization: Around 15

If you had any problems, tell us about this: The main problem we faced was poor engagement of students to participate.
A little desinformation also took place, as while discussing the prizes we were not told about gift cards issue by people who knew about it, but probably forgot. A lesson for us for future 😊
